

Micro Processor Based Roll to Sheet Cutting Machine
 (Suitable for laminated film only)

Maximum Width of film (in mm) Single Roll	800	Electric Motor Draw Motor Indexing	AC/DC Servo/Stepper
Minimum Length of Pouch (in mm)	25	Connected Load	2.5 KW (3 Ph / 415 V)
Maximum Speed of Machine (Strokes per Minute)	Upto 150*	Maximum GSM of paper Accuracy of cutting Maximum weight of unwind roll	500 1mm 500 Kg
Machine -Size (in mm)	3600mm LX1900mmX1200 H	Weight (in kg.)	~800 Kgs

* Depends on length of sheet & thickness of paper

Manufacturer & Exporter of Micro Processor Based Pouch Making Machines
 C-1,50/2, G.I.D.C. Estate, Phase-III, Naroda, Ahmedabad-382330. INDIA
